Using her 6-Figure System, Debra built and runs a thriving 6-figure practice working only 20 hours a week.

LORI CRAFT, VERDI BLU

Passion is the key to success. Fortunate to have a career at a young age in NYC with amazing designers, Ralph Lauren and Laura Ashley, during the early years of their brands retail success. Lori Craft was provided opportunities to learn from the best and to understand what is involved in the early stages as well as at the height of popularity for those brands.

Life events change the path. For 15 years as a stay-at-home mom of two sets of twins, Lori styled friends homes, created custom pillows, painted floor cloths and frames, while actively volunteering for her children's schools and sports teams. When necessity gave Lori the extra push to re-join the paid workforce, she joined the corporate offices of ANN Inc., working as an Executive Assistant to the Director of Stores. Her tenure at ANN gave her the technology skill refresh that was vital to moving forward. Three years later, Lori joined a NJ woman owned business, MVS Worldwide, as their Marketing and Events Director. While still at MVS, Lori launched Verdi Blu, LLC, a website and pop-up event business, which allowed her to tap into her creative strengths and her love of classic design. In November of 2013, the website and pop-up business expanded to add a brick & mortar shop. Verdi Blu in Glen Rock, NJ, offers women's clothing, home furnishings and gifts for everyone. The tagline, "Classic Style for Everyday Living" says it all.
